## HP LS2208 Barcode Scanner

---

This document contains barcodes for resetting the HP USB Barcode Scanner to factory defaults and for simulating a carriage return (pressing the **Enter** key).

These barcodes are being set out in this document for the convenience of HP customers. However they are also available in online other documents, available from the HP Web site.

## Resetting the HP 2D Imaging Barcode Scanner to Factory Defaults

### Resetting the LS 2208 to Factory Defaults and Simulating Carriage Return (Enter Key)

Table A contains the barcode for resetting the HP USB Scanner and Table B contains barcodes needed to simulate pressing the **Enter** key..

#### **Table A.** Resetting The Scanner

Scan this barcode to reset all scanner parameters to factory defaults:

**Table B.** Simulating Carriage Return / Enter Key

To simulate a carriage return or pressing the **Enter** key, scan the following three barcodes in order:

Function	Barcode
Scan Options	
<Data><Suffix>	
Enter
