Scale Update Exit

The following documentation will provide instructions for configuring the Heartland Payment Systems platform with CRE/RPE for EBT processing.

Be sure that you have your merchant information prior to setup.

You can receive your information directly from Heartland Payment Systems.

Note: To use the Heartland Payment Systems Platform you must be using version 12.6014 or above.

Configuring CRE/RPE for use with the Heartland Payment Systems Platform

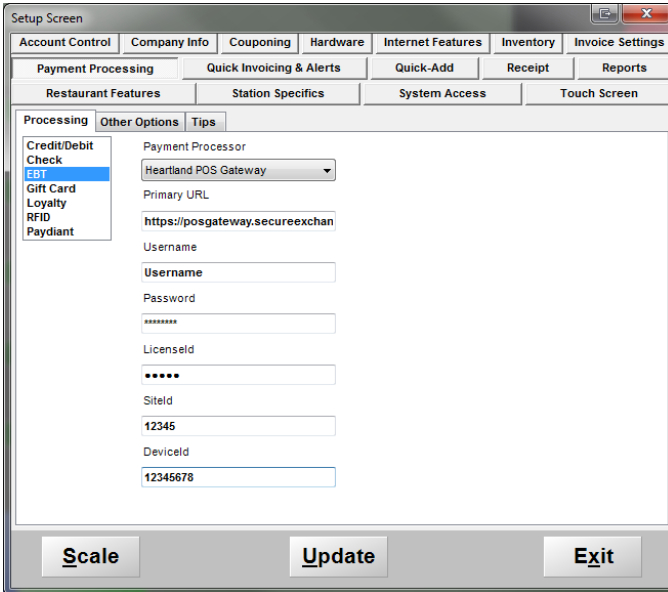

Manager

Options

1. Select the **Manager** or **Options** button.
2. Enter the administrator password (default: admin) where applicable.
3. Select **Setup** then, **Setup Screen**.

Scale Update Exit

4. At the setup screen select the **Payment Processing** tab.
5. Select **EBT**.
6. Select **Heartland Pos Gateway** as the **Payment Processor**.
7. Make sure you fill in the appropriate URL under **Primary URL**:
 - <https://posgateway.secureexchange.net>
8. Enter the following information which will be supplied from Heartland Payment Systems Directly:
 - **User Name**
 - **Password**
 - **Licenseld** (5 digit number)
 - **Siteld** (5 digit number)
 - **Deviceld** (8 digit number)
9. Select **Update** to save your changes.

At this point you will want to do a test transaction to be sure that everything is working properly.
