## **Topaz Signature Pad Install and Setup in Windows XP/Vista**

**\*\*Before Beginning the installation make sure the Signature pad is unplugged.\*\***

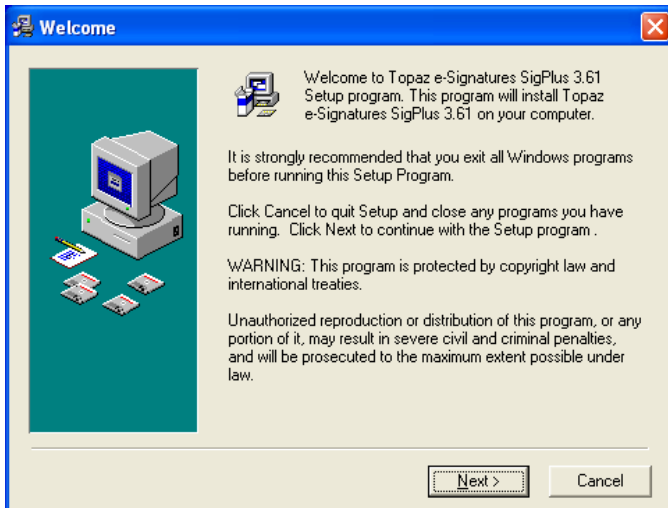

Download the Topaz Signature Pad drivers from:

- [http://download2.pcamerica.com/drivers/Topaz\\_sigplus.zip](http://download2.pcamerica.com/drivers/Topaz_sigplus.zip)

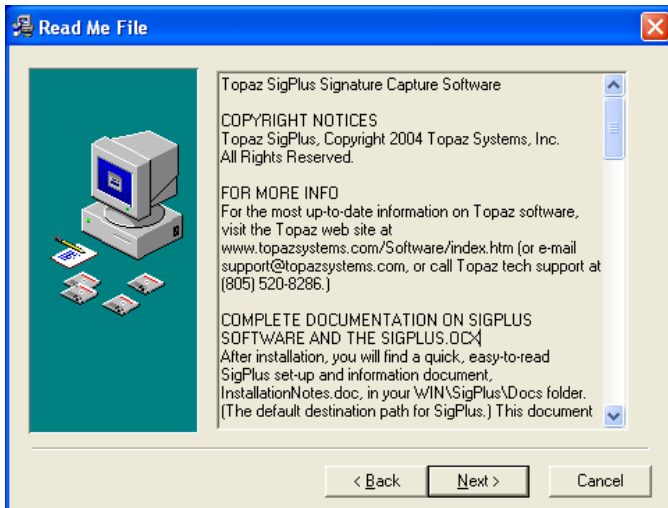

## Installing the Driver

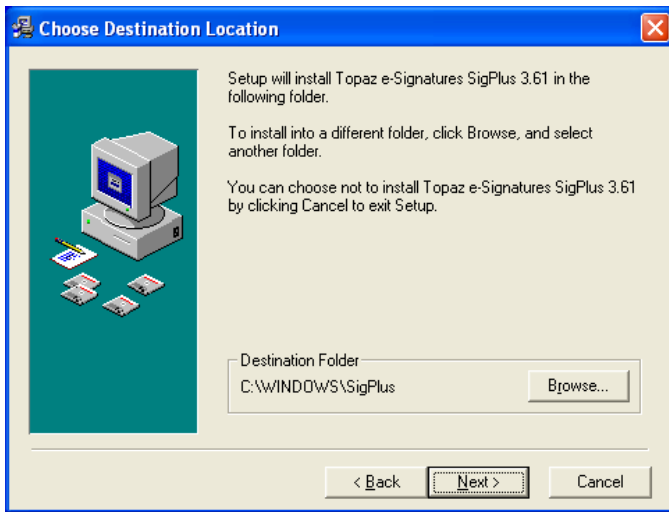

1. Extract the zip file and run the installer (sigplusnet.exe).

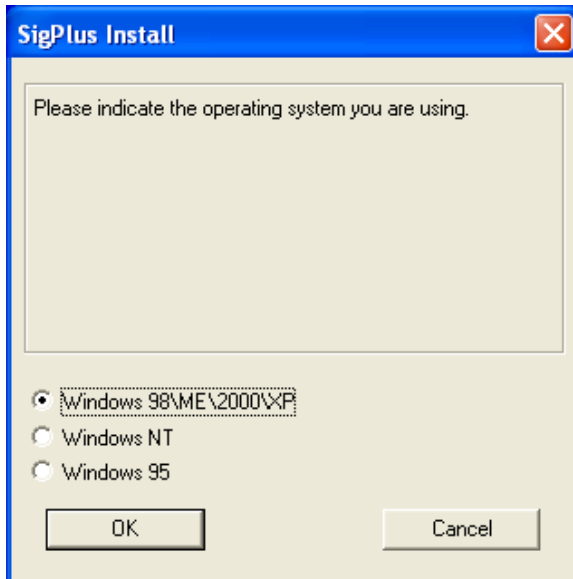

2. Select **Next**.

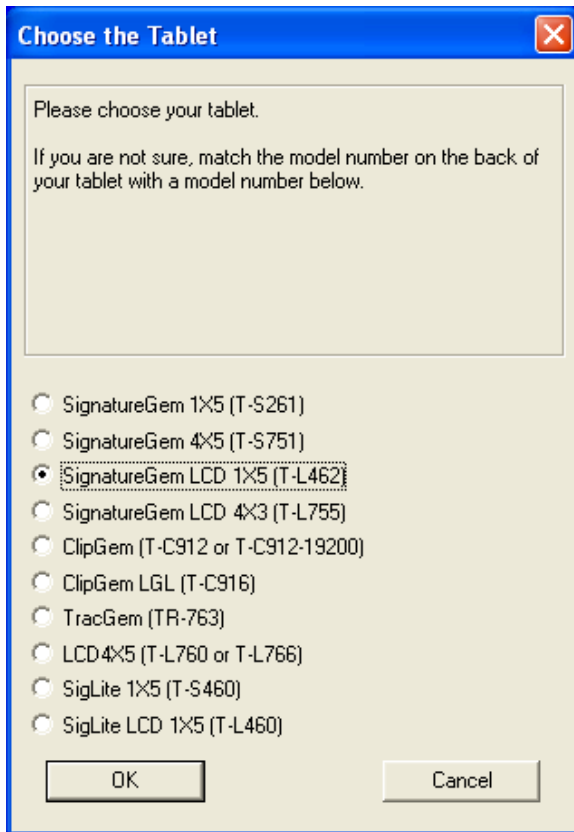

3. Select **Next**.

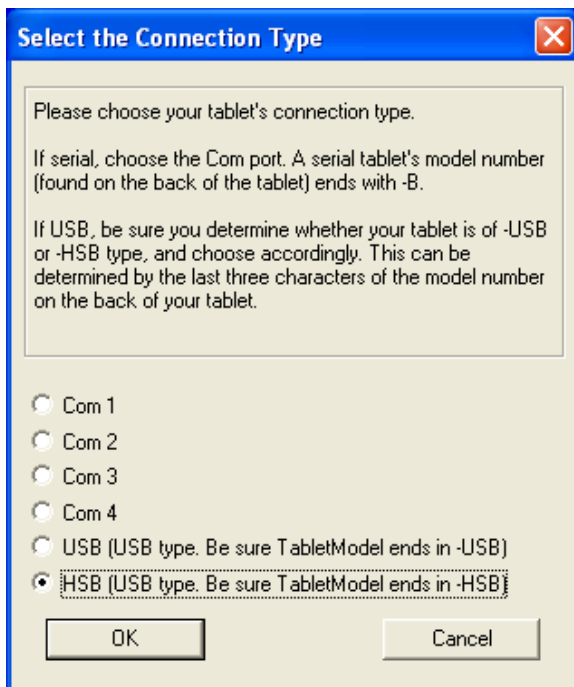

4. Select **Next**.

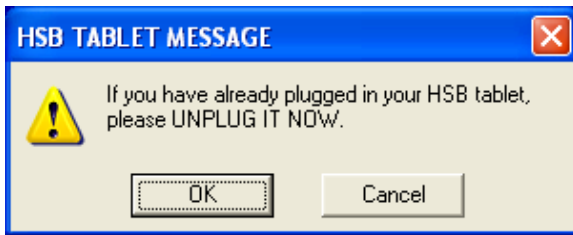

5. Select **Windows 98\ME\2000\XP** then select **OK**.

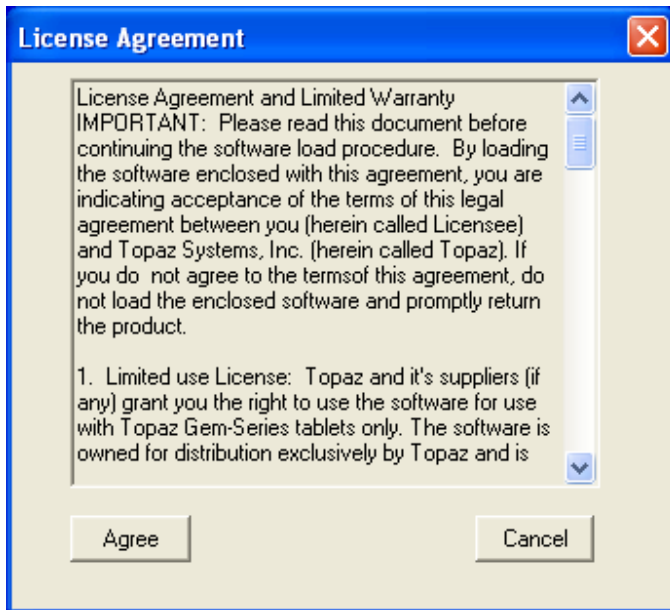

6. Select **Signature Pad (SignatureGem LCD 1X5 (T-L462))** then select **Ok**.

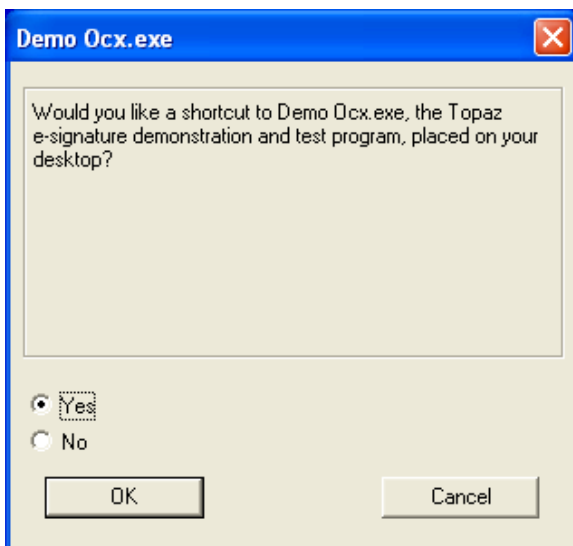

7. Select **HSB (USB type. Be sure TabletModel ends in -HSB)** then select **OK**.

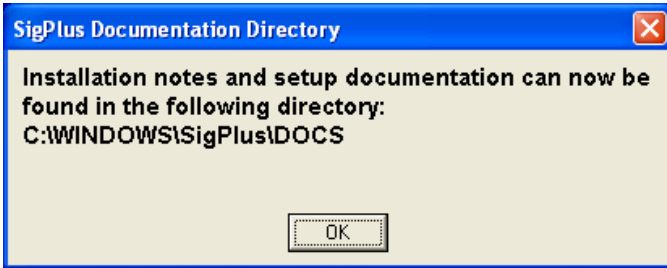

8. Make sure the Signature Pad is unplugged.
9. Select **OK**.

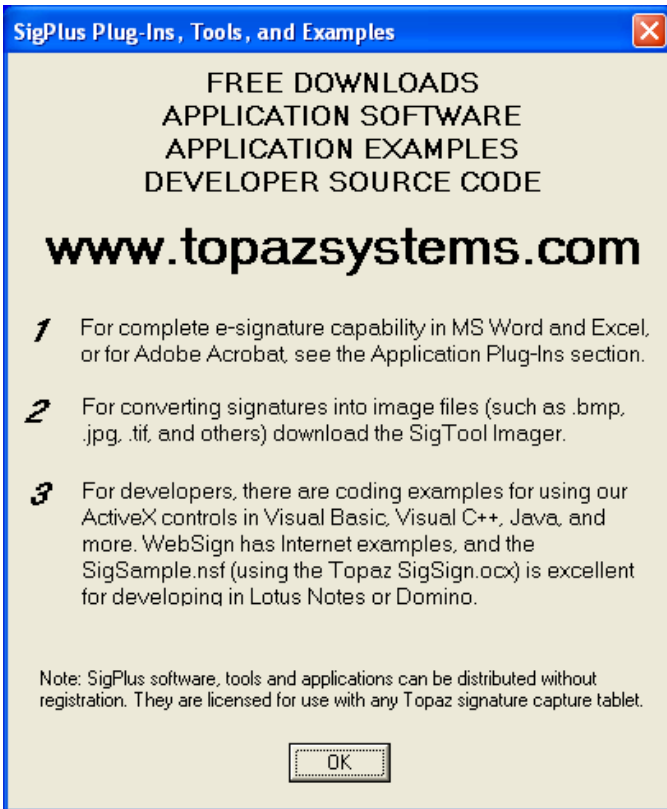

10. Select **Agree**.

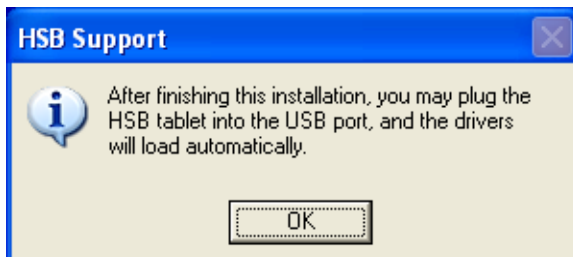

11. Select whether or not you would like the Demo Ocx.exe shortcut to be on your desktop.
12. Select **OK**.

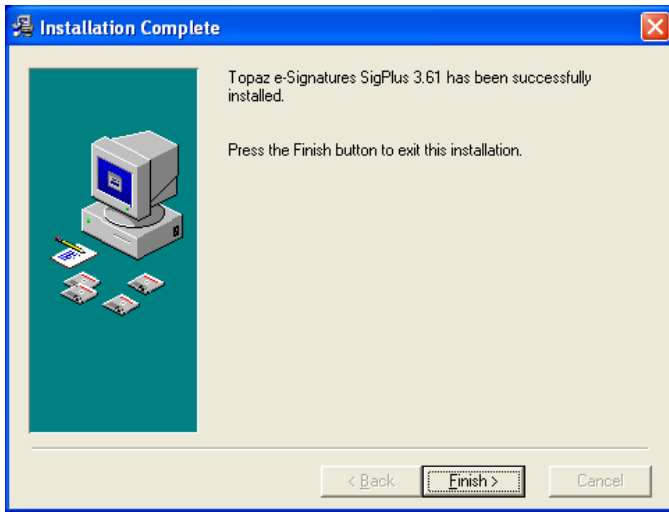

13. Select **OK**.

14. Select **OK**.

15. Select **OK**.

16. Select **Finish**.

Plug in your Topaz Signature pad and Windows should recognize and install it automatically.
